ANNEXATION CONSIDERED

Canada Dislikes Alaskan Award.

BEING GIVEN IN PIECES

What Canadians Think is English Dis- regard of Them Raises Old Discussion.

Vancouver, B. C., Oct. 22.—Local feeling is very bitter over the award of the Alaskan boundary commission. There is much talk of annexation and of Canada becoming independent, business men generally being much dissatisfied at what they denounce as British disregard for Canadian interests in order to please the United States.

It is a matter of comment that loudest among the discontented are Englishmen residing here. Many of them say that Canada will never achieve her greatest possibilities until she becomes part of the United States.

The Rev. Elliot S. Rowe, the leading Methodist minister of British Columbia, who, with Chief Justice Hunter, constituted the labor commission which sat this summer, in an interview here said:

"I am a Britisher and I have always been a Britisher, but if Great Britain is to hand Canada over piecemeal to the United States, I say let us join the American republic also. By doing so now we are large enough to have something to say regarding the terms of such annexation, and also would be potent enough to have something to say in the affairs of the republic of which we would form a part. But if we wait until our best and richest territory is given away, we shall simply be absorbed. It looks to me as if Canada had won the case and lost the territory."

TWO BLACK EYES.

Given to Chief of Police of Brattleboro by Two Men.

Brattleboro, Oct. 22.—Ellis G. Warden, acting chief of police in the absence of Ernest S. Hall, proved an uneven match for two assailants about midnight last night. He was knocked down and both his eyes were blackened. Policeman Warden arrested a man for intoxication who gave him a black eye. On reaching the entrance to the lockup Moore turned on the officer. Peter Deyo of Brattleboro came up behind and struck Mr. Warden in the eye. Warden turned toward Deyo and Moore struck him in the other eye, knocking him down. The officer was quickly on his feet and started for Deyo, but the latter ran away. Moore started to run but the officer grabbed his club and knocked him down. Moore started again and was knocked down a second time before he was subdued. Moore was taken to Newfane jail today to serve fifteen days for intoxication, at the expiration of which he probably will be arrested for resisting an officer. Deyo will be arrested if found. Mr. Warden is the largest man on the police force and unless attacked from behind can handle any ordinary man.

MASS. WOMAN ARRESTED.

Miss Emery Charged With Bringing Pauper Into Vermont.

Essex Junction, Oct. 23.—The trial of Miss Jeanie Emery of Boston, agent of the Lend-a-Hand society who was arrested here Tuesday night on the charge of bringing a pauper from Massachusetts into the town of Essex, is to be held today.

Miss Emery is very indignant at her arrest and will probably make trouble for the town should the case prove a false arrest. She went to St. Albans, her former home, yesterday returning early this morning after consulting with her attorney, Col. A. A. Hall. She refuses to enter into the details of the affair, affirming that the Lend-a-Hand society of Boston, which was instrumental in taking Mrs. Bellina Dunlop, the pauper charge, out of Massachusetts and bringing her here, has a story to tell when the time comes. Miss Emery had been stopping at the hotel in Essex Junction about a week, but after the arrest she removed to the home of Dr. C. M. Ferrin, who secured her release.

Mrs. Dunlop was born and brought up in Essex, and has no living relatives. She went to Tewksbury, Mass., to receive a faith cure treatment. At one time she was a town charge in Essex, and before going to Tewksbury became an inmate of the almshouse, where she remained about twelve years.

The first known of Miss Emery at Essex was in April, 1902, when she appeared in a lawyer's office and made inquiry regarding the pauper laws of the state. Later she made arrangements with Mrs. Elsie Huntley of Essex Center to care for Mrs. Dunlop, and the contract between Miss Emery and Mrs. Huntley was drawn in the lawyer's office. The terms were that Mrs. Dunlop should receive a home at Mrs. Huntley's for five years and that she should receive as payment \$500. This amount, it is understood, was placed in the hands of Mrs. Huntley. What was to be done for Mrs. Dunlop after the five years had expired is not known.

Mrs. Dunlop is friendly with Miss Emery and appealed to her to take her from the Huntley place on the ground that occurrences taking place there were distasteful to her. She is at present in the family of Mrs. Kilgore in Essex Junction.

WANT OLD LIQUOR LAW.

Vermont Sunday School Association Passes Resolution.

Burlington, Oct. 23.—The State Sunday School Association elected these officers this afternoon: President, John A. Greenwood of Chester; vice presidents, G. F. North of Burlington and E. P. Adams of Swanton; general secretary, the Rev. G. L. Story of Essex Junction; treasurer, H. R. Clayton of Morrisville; auditor, C. S. Page of Hyde Park.

The convention passed the following resolution: "Resolved, That for the sake of the thousands of young people whom we represent, and for the sake of all the homes of the state, we reaffirm our loyalty to the cause of temperance. Humiliated by the change from a prohibitory to a license local option law and convinced that the folly of a local option law has already been demonstrated, we feel under a solemn obligation to use our utmost endeavor to place our state again under a pure prohibitory statute and to work and pray for the awakening of a lofty and powerful Christian sentiment upon the subject of temperance."

A BIG ATTACHMENT.

F. J. White Sues Lumiere Company of Burlington.

Burlington, Oct. 23.—An attachment has been served by F. J. White, manager, upon the Lumiere North American company for \$50,000, it being claimed that the company has not kept its contract with him and has therefore suffered damages to that extent. The papers were served by Sheriff Horton and F. A. Bulard is Mr. White's attorney in the matter.

Mr. White was seen last night but declined to discuss the matter. It has been learned however, that Mr. White claims the company contracted with him to serve for five years as manager, the salary for the first three years to be \$4,800; for the fourth year, \$6,000, and for the fifth year, \$7,200. He claims the contract also provided that his traveling and other expenses incurred in the service of the company be paid.

DAN PATCH PACING KING

Lowered World's Record Yesterday.

WENT A MILE IN 1.56 1-4

Wonderful Record Was Made Without Aid of Wind Shield on Memphis, Tenn. Track.

Memphis, Tenn., Oct. 22.—The third day of the harness racing at the Memphis Trotting association track was made memorable by the magnificent performance of Dan Patch, who paced a mile in 1.56 1-4, clipping three fourths of a second from the world's record of 1.57, held by Prince Alert, and lowered his own record by two and three quarters seconds. The mile was paced without a wind shield and at the finish Dan Patch was fresh. Two runners set the pace. After the trial there was a wild burst of enthusiasm in the grand stand; women and men shouted and hats were hurled in the air.

Horse owners who stood about the track before the starter's stand, had caught the time with their own watches, and before the official time was flashed out across the track they set up a mighty shout and threw hats and caps high up into the air. The shout was caught up by the people in the grand stand, the spot before it and on the club house grounds, and the victory of the new pacing idol was proclaimed in a long, hoarse roar that rose and fell and reached its climax in a frenzy of noise as Driver M. O. McHenry pulled up before the judge's stand and doffed his hat in acknowledgement of the acclamation. The trial was made with two runners to set the pace, the sulky preceding the pacer carrying a canvas strip between the wheels.

As the horses swung into the stretch Dan Patch was pushing the forward runner closely that scarcely a head's breadth intervened between his nose and the back of the driver in the forward sulky.

Dan Patch reached the quarter in 29 seconds, the half in 58 and the three quarters in 1.27 1-4.

ALLEGED MISCONDUCT.

Claimed That a Burlington Druggist Sold to a Minor.

Burlington, Oct. 23.—Fred Johnson returned last night from Boston and the work of the license commissioners will probably be resumed shortly.

It is understood that a complaint has been made against a druggist who holds a fifth class license, for selling to a minor. It is probable that the state will also take a hand in the matter. The holder of a fifth class license stands in a different attitude toward the license law than do holders of licenses of other classes and there is a question as to whether a fifth class license could be revoked for the above mentioned cause, even if the commission should wish to take that course.

CIRCUIT COURT ADJOURNS.

A Short Insurance Case Tried Yesterday Morning.

Rutland, Oct. 23.—The United States circuit court held a short session here this morning and took an adjournment till November 7, at Brattleboro.

HIT WITH A PITCHER.

Mrs. Morgan of Rutland Accuses Mrs. Patrick Lasky.

Rutland, Oct. 22.—Mrs. Patrick Lasky of West street was tried in the city court this afternoon on the charge of assault, the specific charge being that she struck Mrs. Jackson of the Morgan block on the head with a water pitcher Tuesday night.

There was a preliminary hearing of the case this morning and it was decidedly interesting. The various witnesses became much excited in their endeavors to show Judge Ross just how the alleged assault occurred. They disagreed on certain points and even went so far as to call each other bad names.

KAISER THREATENS.

Will Use "Mailed Fist" on Japan if Satisfaction Is Not Given

Berlin, Oct. 23.—Advises from Yokohama state that the Germans there are being persecuted by the Japanese who suspect them of acting as spies for Russia. Many have been arrested and others have been mobbed and almost lynched. The Jingo journals of Japan, the advisers say, are preaching massacre of Germans. The Kaiser insists that reparation must be made for the indignities and threatens the "mailed fist" unless satisfaction is given by the Mikado's government.

DEER HUNTERS GET FEW BUCKS

Only Seven Reported in the State.

ONE BROUGHT INTO BARRE

William Mears, Well Known Farmer of East Hill, Got One in Marsh- field Yesterday.

The open season for shooting deer in Vermont is now on, but from all reports received the crowds of hunters that have gone out in search of the game have not been very successful. The open season began on Wednesday night at midnight, and will continue for ten days or through the remainder of the month of October.

Thus far the reports from various parts of the state show that only seven of the animals have been shot in the first two days of the period, although complete returns are not to be had at this time. Before the ten days are up the number is likely to be 250.

Deer are more plenty in Vermont now than they have been for several years. During the summer it was a very common occurrence for them to be seen, sometimes one, sometimes two and quite frequently in herds of five or six.

The law allows deer with horns to be hunted in this limited period with certain conditions, that they be not hunted (a) with a dog or dog kind; (b) by the aid or use of a jack or artificial light; (c) by the method known as crusing; (d) while the deer are yarded, or (e) by the use or assistance of any snare, trap or salt lick. No person during the open season of any year shall take, kill, destroy or have in possession more than one deer.

Dogs of the breed commonly used for hunting deer, moose, or caribou, and dogs of other varieties that are known to follow deer, moose or caribou shall not be permitted by the owner or person harboring the same to run at large in the forests where deer, moose or caribou inhabit. And it will be interesting to know that any person may lawfully kill any dog found hunting moose, deer or caribou.

DOUBLE RUNAWAY.

S. D. Allen's and the Co-operative Store Horse Had a Race.

A lively runaway occurred at Depot Square at about 4.30 yesterday afternoon and as a result, two wagons were badly smashed. S. D. Allen's bay horse was left hitched to a weight in front of his office when it in some unknown manner became frightened and started at a break-neck pace by the stages which were lined up in front of the C. V. depot and on into the freight yard where it ran into the Co-operative store's team. Then there was a double runaway.

Mr. Allen's horse freed itself from the wagon and left it bottom side up in the freight yard with both shafts broken and continued its course down the Montpelier & Wells River track as far as Granite street where it was stopped.

The Co-operative team went over the end of the freight house platform and followed the track to West street where it landed up against the piazza of the house beside the track knocking out a piazza post, tipping the wagon wrong side up and smashing the seat and the shafts. Neither horse was injured.

Concerning the death of a Barre citizen in Montreal last Tuesday night the Montreal Daily Star has the following:

Joseph Addonio, about 45 years of age, who came to this city yesterday with an excursion party from Barre, Vt., was found dead today in room 14, at the St. Lawrence hotel on St. Lawrence street. The party went to the Rensselaer hotel on Craig street, but as there were not sufficient rooms in the house to accommodate them all, Addonio was sent to the St. Lawrence hotel. On retiring for the night the deceased failed to turn off the gas completely and, as a result, was asphyxiated. He was found lying in bed with the gas jet partly open. The coroner ordered the body to be taken to the morgue.

TRIED FOR DEER SHOOTING.

Albin Filbin of Elmore Did Not Shoot Out of Season.

Montpelier, Oct. 22.—Albin Filbin of Elmore was defended in a case for alleged shooting of a deer out of season by Heat-on & Thomas of this city, and was acquitted, on Tuesday. The trial was before Justice Foster of Wolcott. Joseph Marshall was the chief witness for the state.

He reported to the game warden that he had seen Filbin on Monday night with a deer's leg on his back and this led to his arrest. Upon cross examination the defending attorneys drew from Marshall that it was pretty dark, he (Marshall) was not certain that it was Filbin he saw, that he was not positive what he saw might have been a stick of wood on the man's back instead of a deer's leg, and on this the case was won saving Filbin a \$100 fine.

VEALE & KNIGHT IN NEW QUARTERS

Opening Day Will Be Tomorrow—Have Fine New Store in New Carrier Block.

Tomorrow, Saturday, will be "opening day" with Veale & Knight at their new store in the new Carrier block, and the firm, which was burned out in the old Carrier block last February, they prepared to show a larger and more extensive line of goods than they were ever able to in the old.

The new store is 28x100 feet in size, is handsomely finished in oak, has excellent light at front and back and windows at the side with prism lights that make the center of the store as light as any other part of it. At each side of the store are shelves and counters and through the center runs a counter counter with broad aisles each side. There are two large show windows in which a fine display of goods can be made. On each side of the store as one enters are to be three large glass show cases, though only three of them are in place now, the others having been delayed. The firm of Veale & Knight began business when the old Carrier block was completed, four years ago last February, in much smaller quarters than they occupy in the present building. When the block was burned last February everything was destroyed, and they sought temporary quarters in the Worthen block. In opening the new store everything is new and in addition to the line of fine dry goods always carried by this firm they have added a new department for ladies' skirts and misses' and children's garments.

The store force is as follows: Richard Veale and H. W. Knight, who form the firm, Mrs. Gertrude Jones, Miss Georgiana Wishart, Miss Helen Warley and Miss Emma Hopkins.
